

Tabb Middle School Morning Student Drop-off

Parents – we need your assistance in the morning when dropping off your son or daughter! Their safety is our primary concern during arrival.

- Student should **ONLY** be dropped off in the very front of the building (the area marked **DROP OFF HERE**). This area is between the two safety crosswalks.

X = DO NOT DROP-OFF HERE **√ = PLEASE DROP-OFF HERE**

- Please wait in line, pull around the side lot and then drop off your child once in front of the building.
- Please pull forward as far as possible to allow traffic to move as quickly as possible.
- As you leave, please be aware of the yield sign **Δ** and look to your right.
- Students should not exit your vehicle in the following areas:
 - On Yorktown Road;
 - In any driving lane of the main parking lot, the new parking lot or the bus parking lot;
 - At the entrance or exit to the school from Yorktown Road.

Tabb Middle School Afternoon Student Pick-up

Parents – we need your assistance in the afternoon when picking up your son or daughter! Their safety is our primary concern during dismissal.

- Parents may park in the front parking lot. You can either cross over to the school side and wait, or stand outside your vehicle so that your child can point you out to the crossing guard.

X = DO NOT PICK-UP HERE **√ = PLEASE PICKUP HERE**

- No student may cross over to the front parking lot unaccompanied until a staff member makes visual contact with you to ensure that the student is leaving with an adult they know.
- Students must cross at the crosswalks.
- If you pull around to the school's main front drive-way, you may only park on the berm/tree side. As soon as a vehicle pulls away from that area, the next car in line must pull into the open spot.
- Do not park side-by-side in the front driveway.
- As you leave, please be aware of the yield sign **Δ** and look to your right.
